CBM recently launched a new Orange County office to accommodate a growing number of Orange County based management and leasing accounts.

Staffed by both leasing agents and property managers, our new Orange County office will enable CBM to further extend our influence, while branching into new and uncharted territory. As vacancy continues to rise, and the need for quality property management services increases in the Orange County area, our sterling reputation in the shopping center industry has motivated many Orange County based Landlords to seek out our leasing and management services. And we've answered the call, providing the same high quality, detail oriented and client-centered leasing and management services to which our clients have grown accustomed.

If you have any additional questions, or would like to learn more about our Orange County office, please feel free to contact me at: 310.575.1517 x 201 | rickr@cbm1.com

Warm regards,
Rick Rivera
